

Ride to Conquer Cancer is back for 2025!

We invite you to join us in supporting a cause that's close to all of our hearts—the Princess Margaret Cancer Foundation's Ride to Conquer Cancer. This is a powerful opportunity to volunteer your time and skills to help raise critical funds for cancer research and care.

We are transitioning away from Rosterfy this year in an effort to make the First Aid Team's scheduling as smooth as possible as there are many moving parts. If you are interested in joining us for this year's ride, please complete this [form](#).

If you have any Non - CSP friends, family or colleagues that would like to join the medical team, we have lots of opportunities both on and off the bike.

Allow me to introduce myself. I'm Kevin Jones, the Event Medical Director, and I'll be working alongside the leadership team from the Canadian Ski Patrol, Mackenzie McLaughlin and Blair Wallhouse. We are excited and fully committed to ensuring a safe and incredible journey for all riders and volunteers.

This program will be supported by our Team behind Team administrator extraordinaire, Kelsey Frost. Kelsey can be contacted at [kelsey.frost@odysseymedical.ca](mailto:kelsey.frost@odysseymedical.ca) or (416) 528-7397 (text or call).

We genuinely look forward to meeting you in person soon.

Warm regards,

Kevin Jones  
Mackenzie McLaughlin  
Blair Wallhouse
